Dancer Etiquette

Dancer etiquette at dance competitions

1. Share the dressing room space.

There is limited space at most venues, be kind to one another and share the space as best you can.

2. Share the warm up space.

Take turns running dances in the larger areas with music; give priority to those dancers whom are earliest in the performance lineup. Allow all dancers from all studios to warm up properly.

3. Keep the space clean.

Make sure all of your Starbucks and drinks have been emptied in the sink before they are put into the trash or recycling. Wash out the sink. Throw your garbage away. Wipe up any spilled glitter or makeup. Collect bobby pins and safety pins. Tidy the mess you see even if you didn't create it. We are all working together to make sure events can continue to run in theatre venues.

4. Respect the space and the belongings of others.

There is no tolerance for theft or damaging of others property.

5. Keep the Positive spirit so we all rise together.

You are responsible for the positive energy you bring to your social experiences. Negative energy is infectious and can ruin experiences for everyone. Some days, losses are more difficult than others, but there is always room for reflection and growth each time you step on stage. Be open to this growth, be kind to others and everyone will rise together.

6. Respect and support your fellow competitor.

We are all on this dance journey together and without the fellow competitor there is no competition. Clap for all performers not just those you know.

7. Keep backstage clear and quiet.

Do not come backstage early and congestion the area. This is not only distracting for those that are on stage it can impede their ability to perform properly or make a run around. Stay behind the designated lines when you are in queue to perform. Backstage is a quiet zone, there are staff on headsets and microphones - screaming transfers right into the headsets of those working the lighting and sound.

8. Be thankful of your opportunities and demonstrate fair play

Remember to thank those that support you in your dance journey. Be grateful for your opportunities to dance even when the results don't play out the way you may hope. Thank your teachers for the time they volunteer to be present for you. Make eye contact with the judges and thank them for awards they present to you.

And most importantly... **Have Fun and Live in the Moment!**

Audience Etiquette

We're so happy you are here. We'd like to remind you about proper audience etiquette, which will ensure that everyone has a welcoming positive dance experience.

1. Cheer for everyone, not only your dance friends and members of your studio.

It's not a great feeling to enter the stage after a thunderous round of applause and then hear crickets when you're done your performance. Everyone is working hard and deserves the same appreciation, crowd love and support.

2. Enter and exit in between performances only.

Imagine how it feels to be the dancer showcasing their hard work only to see people leaving while they are dancing on stage. It's also rude and distracting to the other audience members enjoying the show and watching their loved ones. Lastly, nobody wants your head in their video.

3. Turn your cellphones ringer off.

It's rude to the performers on stage and everyone around you.

4. No Photos or Videos during performances.

There are many reasons for this: It's never okay to take photos/videos of minors without expressed permission. We cannot be sure which guardian belongs to which child at all times so even if you are taking photos of your own child it's not permitted inside the seated area of the theatre. It's distracting to both the dancers and the audience. And lastly, it's required for the protection of choreographic and artistic copyright.

5. Respect the space and leave the facility cleaner than you found it.

Keep your feet off the back of theatre seats. Consume food and drink only in areas permitted by the venues, throw away garbage and recycle when possible. Tidy any mess from others at the end of the evening. It is becoming increasingly more difficult to host dance competitions in theatre venues; please respect the space you are provided.

6. Keep your distance when possible and stay home if you are sick (enjoy the performances on livestream instead).

Wash your hands frequently. Coordinate meeting points with your dancer when you arrive and keep the main traffic flow areas clear so that people can move about the facility easily. GDS designates security meeting areas and pick up zones that don't impede hallway traffic flow in tighter venues.
